Dear Parent/Carer,

Re: Connolly Foundation Award – Discretionary Award

Wootton Academy Trust has a partnership with the Connolly Foundation. The Foundation runs a range of activities including a bursary award scheme for sixth form students with the aim of offering financial support for their next steps.

The discretionary award has no requirements on subjects studied or on grades achieved and students can be planning on going to university or into employment. The award is worth up to £500. Successful applicants not attending University would receive one payment only. Students going onto University can apply for further awards in years 2 and 3 of their degree course. Further information/guidance will be provided in a virtual presentation by myself on the evening of **Tuesday 9th March at 7pm**. If you would like to attend this online presentation, please book here: <https://www.eventbrite.co.uk/e/year-13-connolly-foundation-awards-information-evening-tickets-144020115041>

We would like to invite you to apply for this award. The foundation’s Discretionary Award Scheme enables each partner institution to nominate **six students** from those who apply. All applications will be considered equally and we will consider a variety of factors when shortlisting an application to send to the Connolly Foundation.

In summer 2020, 6 Kimberley College students were nominated to the foundation and all 6 were successful in their application, with a total of £3,000 in scholarships being awarded.

I have provided information below about the timeline and application process.
